

****Ohio's return-to-play law goes into effect on April 26th, 2013****

Ohio's Return-to-Play Law: What a Parent/Guardian Needs to Know – School Sports

For Athletes Participating in School Sports (Interscholastic Athletics):

1. Starting April 26th, 2013, parents and athletes are required to sign and submit a concussion information sheet for each school year for each sport.
2. Coaches and referees must **remove an athlete from play** if the athlete is exhibiting the signs and symptoms of a concussion during practice or a game. These include:
 - Appears dazed or stunned.
 - Is confused about assignment or position.
 - Forgets plays.
 - Is unsure of game, score or opponent.
 - Moves clumsily.
 - Answers questions slowly.
 - Loses consciousness (even briefly).
 - Shows behavior or personality changes (irritability, sadness, nervousness, feeling more emotional).
 - Can't recall events before or after hit or fall.
 - Any headache or "pressure" in head. (How badly it hurts does not matter.)
 - Nausea or vomiting.
 - Balance problems or dizziness.
 - Double or blurry vision.
 - Sensitivity to light and/or noise
 - Feeling sluggish, hazy, foggy or groggy.
 - Concentration or memory problems.
 - Confusion
 - Does not "feel right."
 - Trouble falling asleep.
 - Sleeping more or less than usual.
3. The student athlete **cannot** return to play on the same day that the student is removed.
4. The student athlete **is not permitted** to return to play until they have been assessed and receive written clearance by a physician or by any other licensed health care provider approved by the school district.

PLEASE NOTE: It is important to review your school's policy regarding which health care providers are authorized to clear an athlete to return to play.
