

How Can Parents Help?

- **Be Patient** – Development takes time
- **Be Understanding** – Everything we do and ask is for a reason and has a background to it
- **Be Accepting** – Know that there are new ideas everyday in the best practices for developing children
- **Be Positive** – You will not understand everything we do or why, please know that Dynamo Soccer Club cares about the development of the kids
- **Be Respectful** – Respect that your players are working and give them the space and opportunity to develop
