

SEAVIEW LITTLE LEAGUE TEAM MOM'S MEETING

Hello – My name is Patrick Evans and I am your 2018 Safety Officer.

For your information please review the following.

1. **Managers have received, after attending Basic 1st Aid Training, First Aid Bags.** Each bag consists of basic first aid supplies, instant ice packs, and the Safety Manual. Please help your manager by periodically checking the bags to see if any supplies need restocking. Check to make sure that the bandages and ice packs have not been depleted. If you notice that any supplies need restocking, there are extra supplies in the coaches bin. If, during a game you need ice or more ice packs, the snack bar will have extras. **Please remember to never apply ice directly on the skin.** Please make sure there is some type of barrier between the ice and the child's skin!
2. Please review SVLL's Safety Manual that is inside of the 1st Aid Bag so that you are familiar with it.
3. Please make sure that players, coaches, and managers always bring or have enough water or sports drink during practices and games. Especially on **HOT** days. We want to make sure no one gets dehydrated.
4. Per Williamsport Rules please know that your managers/coaches must report any incident/injury that requires medical treatment and or first aid to me within **24 hours**. You can find a copy of this report in the back of the Safety Manual, or it can be filled out online directly from Seaview's website and e-mailed directly to me.
5. Remind parents and all other spectators **NO DOGS** are allowed at SVLL fields.
6. Please help us to reduce injuries by keeping kids from climbing and sitting on top of the fences.

Our focus is to make this a safe and fun year for our kids to play ball!!

At any time, if you have questions, please feel free to contact me or any other board member for help.

Thank you.

Patrick Evans
