

Home Team

- Field setup
 - o Put up fences (for fields that need them)
 - o Drag field
 - o Prep mound
 - o Place bases
 - o Water Field
 - o Stripe Field (paint will not be dark enough if field isn't watered first)
 - o Bring out benches (T-Ball Only - first game only)

Visiting Team

- Field cleanup
 - o Remove bases and place plugs into ground
 - o Rake mound
 - o Rake and repair plate area (level out holes in batter's boxes)
 - o Drag field
 - o Water field
 - o Take down fences
 - o Put benches away (T-Ball Only - last game only)

Notes

- Each team is responsible for cleaning their own dugout
- Each team is responsible for cleaning up the bleachers on their side of the field
- Recommend that Coach Pitch teams not put up fences on the Minor A & B Field for Thursday games (kids can't reach it, so less work on the front and back ends)
- Visiting teams still need to do their cleanup even when there is a game following them. (Weekends)
- Last game at field needs to bring trashcans to the front of the complex
- If you are the last person out of the complex, make sure the sheds and bathrooms are locked (this would only happen if a manager was there past our board member on duty - this shouldn't happen, but it could)
- Lock batting cages after use (locks will be place on them on Friday)
