SUPPORT OUR PLAYERS, SUPPORT YOUR BUSINESS!

We're fast approaching the beginning of another fun season of NASA Area Little League—and we need your help! Without your generous contributions, we simply could not provide the first-rate program that we offer. The financial support of our community helped us advance the quality of Little League play for over 400 players during the 2017 season! Sponsorships help us to:

- Offset the costs of recurring monthly bills, equipment, uniforms, and field rentals;
- Improve our facilities through upkeep, general maintenance, and capital improvements;
- Fulfill Player Scholarship Requests;
- Provide training to our coaches, offering them guidance on teaching the game but more importantly emphasizing our commitment to sportsmanship, fair play, growth and fun; and
- Maintain an affordable program when compared to other Little Leagues in the greater Houston-area.

For all the great things we offer the families of our community, we like to think that NASA Area Little League is the “best deal in town”—but we couldn't do it without you!

Regardless of the package chosen, however, rest assured that your advertising dollars are well-spent. Outfield fence signs stay up all season long (seen by over 10,000 attendees in the Spring season alone!) and website recognition sees exposure year-round from parents, family, and the larger community.

We're anticipating another great season—it's an exciting time for NASA Area Little League! If you have any questions or ideas on how you might like to partner with us in 2018, give us a shout or visit us online anytime at www.nasabaseball.com.

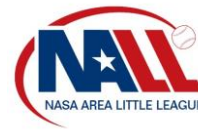

Regards,

Cody Corley
