

If your Family recently moved or relocated to the City of Bridgeport or is your child first-time playing baseball or a returning player to N.E.L.L and not sure if your child is eligible to play, please visit

<https://www.littleleague.org/play-little-league/league-finder/>

or

If a child attends school within your local league boundary area, the child can utilize school enrollment and have full eligibility within your league. If a child resides outside of your local league boundary but attends school within (public or private or parochial), the child can utilize school enrollment and have full eligibility within your league.

There is no requirement that the child would have to sit out and wait a year to have any tournament eligibility. Children that meet either residency or school eligibility within a local league have full eligibility for participation.
