

2026 - NBLL Baseball Senior Division Operational Bylaws

Little League Baseball Official Regulations and Playing Rules apply to all NBLL activities. The Local NBLL Bylaws and Ground Rules detailed below are in addition to Little League regulations and pertain to the NBLL Baseball Seniors division. At the discretion of a quorum of the executive board, the by-laws can be changed at any time. Any questions, concerns, or clarifications regarding these bylaws should be directed to the Division VP and the Executive Board of Directors.

Manager Selection

- The Manager Selection Committee will comprise the President, Vice-President, VP Coaching coordinator and anyone else the President deems helpful in selecting the slate of managers.
- The Manager Selection Committee shall interview and investigate prospective managers and coaches and recommend acceptable candidates to the President for appointment and subsequent approval by the Board of Directors.
- Candidates must submit a volunteer application before the Manager Selection Meeting to be considered for a managerial position.
- Little League International requires all potential Managers to have a background check performed on them before taking a team.
- All Managers and Coaches are required to complete the Little League Diamond Leader Training.

Manager Assignment to Teams

- Once the number of teams has been determined and an equal number of managers have been approved, the President and Vice-President will determine which managers are paired with which teams.
 - Returning managers with a team from the previous year will automatically be assigned to their team.
 - The remaining selected managers will be assigned a team.
 - Of the remaining selected managers, a random drawing will be conducted to determine which managers are assigned to which teams unless a manager has a direct tie to one of the open teams.
- Managers with a “direct tie” to a team will be assigned based on the following criteria:
 1. Served as an “official,” uniformed assistant coach of an open team the previous year.

OR

 2. Has a child who is a returning player to an open team.
- If it is determined that a selected manager is directly tied to an open team, said manager will be assigned to that team.
- If a selected manager has a child on an existing roster that has an approved manager returning to it, said child will remain on their previous year’s roster until the draft is completed. At that time, a trade will be agreed upon by both managers, bringing the child to the parent’s team.

Teams

- The Teams will consist of players league age 15 and 16.
- All draft-eligible players must try out and enter the draft system.
- Once assigned to a team through the draft process, returning Senior players are the property of that team (unless a specific exception is granted as a "Special Assignment", see below).
- All Senior division teams should have no more than 12 players.
 - No team may have more than 8 players of either age 15 or 16.
 - Teams may have less depending on the number of players that register.
- Should a returning Senior player sign up late, and if a position on the 12-man roster for his/her team is open, that player will be assigned to his/her previous team.
 - If a spot is not open that late registrant may be placed on any team having an open roster position.

The Draft

- The Seniors League draft will take place on the date set forth by the league. The draft will be complete redraft
- In the event of expansion or contraction of the number of Seniors teams by the League, procedures outlined in the Official Little League Operations Manual will be followed.
- All players, except for sons or daughters of the managers, will be assigned to a Seniors team through the draft process (i.e., no "protection" of players will occur). The manager will pick their son/daughter in the 3rd round pick, if league age 16, or 4th round pick if league age 15.
- Players that are league age 15 & 16 and do not try out will be "hat picks."
- Those in attendance will be limited to the league President, Player Agent, Seniors VP, Seniors Managers, and anyone else the president deems necessary

- Failure of a team to supply adults to provide these functions will give the umpire the authority to reduce game time accordingly.
- Should a manager cause a game not to start on time the umpire will have the authority to reduce game time accordingly. The league will make every attempt to provide paid umpires for every game.
- If umpires do not show up, it is the responsibility of the fielding team to supply an umpire.
- No game can be moved or rescheduled without president approval.

 - This lineup must show (1) both the first and last name of each player, (2) player number, and (3) the position each player will occupy at the start of the game.
 - If all the above information is not supplied on the line-up, the manager, the Umpire, or the Official Scorekeeper may ask for play to be suspended until such information is supplied.

All-Star Managers

All-Star team Managers will be selected by the executive board from regular season managers or coaches, based on experience conduct, and their willingness to manage an All-Star team.

International All-Star Team

- The decision of how many All-Star teams will be fielded by NBLL will be made by the consensus between the NBLL President, NBLL Player Agent, and the Senior Division VP.
- Each team will carry a minimum of 11 players.

All-Star Player Selections

- Regular season team Managers will meet and discuss eligible players from all teams.
- Player eligibility will be determined by Little League International regulations
- Following this discussion of appropriate players, all Managers will anonymously produce a written list containing their votes for a minimum of 6 to a maximum of 10 players in the age group.
- Managers may not vote for players on their team during the first round of voting.
- Should several players have the same number of votes that would place them in a tie for the last open positions on the teams, tie-breaker voting will occur among all Managers until exactly 10 players have been selected.
- Once the initial 10 players have been selected, the Managers will, in the same manner as before, vote on and rank in order the next 10 eligible players.
 - These players must be ranked in order as they will be alternates (starting at 1 and moving to 10) should any of the top-voted 12 players decide not to participate in All-Star play.
- The top 10 players receiving the most votes will be invited to play on the international team.
- The manager selected for the team will then be able to select the final 2 or 3 roster spots from the pool of nominated players, which will be provided by the league's Player Agent.

All-Star Player Selection Confidentiality

- Only the League President, League Player Agent, and Divisional VP will know the actual voting results for All-Star Selections.
- All Discussions of player's capabilities during discussions, in the draft room, and in the All-Star selection process, including where players are selected in the draft or All-Star voting, are confidential.
 - Any violation of this confidentiality may result in a Manager being removed from their team and render them ineligible to manage or coach an All-Star team.
 - To field the very best All-Star teams to represent our League, Managers must be allowed to discuss Player potential in confidence freely.
