Article VIII - Sports Limitations and Specifics

Section 1

Teams will be organized along grade levels from 5th through 8th grades.

1. Schools with combined teams must play at the higher grade level. If there is only one athlete participating at any grade level that athlete may play down a grade level. If there are 2-3 athletes at a grade level the deanery athletic directors will vote on if those athletes are able to play down.
2. If there are more than eight teams at the 6th-grade level, the conference will be split into two or more divisions for the purpose of scheduling games/matches. Each team would play every team in their own division twice (home and away) and every team in the other division(s) once to the extent practicable, considering the schedule for both schools.
3. Schools that have two or more 6th grade teams will not play each other in the conference season.
4. Standings will be kept for 7th and 8th-grade teams only.
5. Conference tournaments will be held for 6th, 7th, and 8th-grade teams.
 - a. 6th grade - There will be a winner/consolidation style tournament at the end of the season if there are 8 or more teams. If there are less than 8 teams, there will be a double elimination style tournament. All seeds for the 6th-grade tournament will be determined by a random draw at the ADC meeting.

- b. 7th and 8th grade - There will be a single elimination tournament at the end of the season. All seeds will be determined by conference standings at the end of the season. For volleyball, if only 3 “B” teams then the winner of “B” conference tournament will be seeded last in corresponding “A” tournament.

Section 2

There shall be no cutting of players at conference schools. Schools shall divide the team if there are too many players at one level. Dividing up a team will be handled at the school level and follow this format:

- 5th and 6th Grade
 - Teams will be divided equally by skill approved by the AD. At the 6th grade level, rosters for each team are to be maintained separately. The AD will notify the Principal of the said school.
- 7th and 8th Grade
 - Teams may be divided by skill creating an “A” team and one or more “B” teams. A school may have more than one “A” team if there are no other “B” teams in the conference for the sport. If a school fields multiple “A” teams, due to the lack of a “B” conference, the “A” teams do NOT need to be of equal talent. The separation of multiple “A” teams will be decided by the coach, AD, and Principal of the school. Each “A” team will need to have its own roster and play a home/away game or match against the other “A” team. The minimum number of players on an “A” team for basketball is 5 and volleyball is 6.

Section 3

The process for potentially moving a student from his/her grade level team to a higher playing level team shall be as follows:

- Permanent/Long-Term Play Up
 - Students shall be allowed to play up one playing level if there are insufficient players to field a team at the higher level (less than 9 in volleyball and less than 8 in basketball). Teams that must pull up athletes on a Permanent/Long-Term basis may max out at 9 athletes in volleyball and 8 athletes in basketball.
 - Based upon the approval for such a permanent play up by the Principal and the AD, the student’s parent(s) will be contacted to seek their approval. Once given, the player may be listed on the roster at the higher playing level. Such a student may not subsequently be moved back to his/her grade level team. Normally, students are not permitted to play up more than one playing level. Coaches are not allowed to make exceptions to the rule. Any exceptions can be made only by the AD after consulting with the Principal.
- Temporary/Short-Term Play Up
 - Students shall be allowed to play up one playing only if there are insufficient players to field a team for a particular contest at the higher level (less than 9 in volleyball and less than 8 in basketball). Teams that must pull up athletes on a Temporary/Short-Term basis may max out at 9 athletes in volleyball and 8 athletes in basketball.
 - Normally, students are not permitted to play up more than one grade level. Coaches with the concurrence of the student’s parent(s) are allowed to make this decision but must notify the AD within 48 hours after the contest.

- The **4-game rule** shall apply in boys and girls volleyball for 6th, 7th, and 8th grades. The 4-game rule includes every game needed to decide a match. A third (shortened) game played shall count towards the 4-game rule if it is played to determine the winner of the match. The **4-game rule** shall apply for the volleyball conference tournament unless multiple games are played at one grade level AND an athlete is needed to play up in the same night. In this case, the athlete may play unlimited games at their grade level AND 1-game at the higher grade level. The 4-game rule may be suspended prior to the second match played if the AD (of the host school), both teams coaches, and the parents of the child playing up are in agreement that suspending the rule would not violate the spirit of the rule, and all other options have been exhausted.
- The **6-quarter rule** shall apply in boys and girls basketball for 6th, 7th, and 8th grades. The **6-quarter rule** shall apply for the basketball conference tournament unless multiple games are played at one grade level AND an athlete is needed to play up in the same night. In this case, the athlete may play unlimited quarters at their grade level AND 2-quarters at the higher grade level. The 6-quarter rule may be suspended prior to the second match played if the AD (of the host school), both teams coaches, and the parents of the child playing up are in agreement that suspending the rule would not violate the spirit of the rule, and all other options have been exhausted.
- The process for determining the player(s) to be moved up shall be as follows: students in grades 5, 6, and 7 and the parents of such students shall indicate in writing their willingness to play up in the event of a shortage of players occurs at a higher level. A random drawing of those players at each grade level who express such willingness shall be made and a numerical ranking shall then be assigned. If a situation arises where a team will be short a player(s), the head coach at the grade level the players normally play shall ask the first player on the ranked list his/her willingness to “play up” for the given contest. The coach will go down the list until the needs are met. The next time a shortage occurs, the next player on the ranked list will be asked to “play up”, etc. Once the bottom of the list is reached, the coach will start again at the top.

Here are examples of how athletes may play up:

1. The 8th grade “A” team will pull from the 8th grade “B” team or 7th grade “A” team if the “B” team is not available.
2. The 8th-grade “B” team will pull from the 7th grade “B” team.
3. The 7th-grade “A” team will pull from the 7th grade “B” team or 6th grade if the “B” team is not available.
4. The 6th-grade team will pull from the 5th grade, as there is no “lateral” movement from one team to another.
5. At the 5th-grade level, “borrowing” of players from one team to another shall be rotational, random, and based on willingness and availability.
6. Any team that is composed of athletes outside of the above examples will forfeit the game or match.

Section 4

Schools shall declare at the preseason scheduling meeting for that respective sport the number of teams and their grade levels for that sport. No team may be added after the scheduling meeting for that sport is concluded.

Section 5

There shall be no contests or practices scheduled on Holy Days of Obligation or on Sundays except as prescribed in these bylaws.

Section 6 - Playing/Practice Time for Conference Schools

The 4-Event Rule: Each school team shall have a combined maximum of four practices and/or conference games during each one-week period. Teams may have up to a maximum of 5 events per week when playing a non-conference game. Practice may not exceed two hours for 7th and 8th-graders and one and one-half hours for 5th and 6th graders.

Section 7

Teams will play round-robin or a home-and-away game/match with each member school at the respective grade level for those sports where that scheduling is applicable (i.e. volleyball, basketball) in accordance with Section 1 of Article VIII.

- Scheduling for conference games and tournaments shall take precedence over non-conference games or tournaments.
- Games/matches shall not be scheduled to start after 8:30 pm.

Section 8

Limitations of the number of contests per team (excluding the conference tournament and the Diocesan tournament) shall apply:
