

May 11, 2020

Parents and Players of PTAA,

The PTAA board continues to monitor the COVID-19 situation. As mentioned in our previous communications, we will follow the policies set by public health authorities and government, including the state's phased approach for reopening.

The board met tonight to discuss plans for the upcoming season. We are currently working to obtain clarity and guidance on what this means for youth sports and PTAA as our region moves to the yellow phase of reopening, and will send a follow up communication once we have more information. The board will work with the Penn Township Rec Board on a plan for proceeding, and will continue creating safety procedures in line with CDC guidelines to be followed once we are safely able to start the season.

Thank you for your support. If you have further questions, comments, or concerns please reply to this email.

Thanks,

The PTAA Board
