NOTES	<p>Special Meeting Super Bowl pools numbers picked</p> <p>Kelly led the meeting by discussing the pools numbers being picked. She showed the two pools and listed #1 and #2 on them for clarity. She showed the cards she was to use Ace through 10. Ace being number 1 and 10 being zero. She shuffled and then proceeded to randomly pick the numbers for the first pool, reshuffled and picked the random numbers for the second one.
