2019

By Ex-professionals and College Coaches

July 22 - July 26, 2019

Director's Mission Statement

The goal of Top Seed Soccer Camp is to provide players of all ability levels an intense technical skill workshop and an opportunity to receive personalized diagnostic evaluation of their current skill level, identify each player's strengths and weaknesses and make recommendations on what and how to improve on their areas of weaknesses and eventually become impact players.

Top Seed Soccer Camp recognizes the impact of knowledge of soccer and experience on developing players. For that reason, ex-professionals who are currently Head Coaches from different Universities will conduct the Top Seed Soccer camp. Players will have direct exposure to college coaches and indirect access to their immediate colleagues and other distant coaches in their network.

There will be a special question and answer session with college coaches on college recruiting process and how to get the attention of college coaches.

Whether your goal is to play varsity soccer, or land a soccer scholarship at a college or ultimately turn professional, Top Seed Soccer Camp, with the wealth of playing and coaching experience of its coaching staff, surely will put you on the right track to your ultimate goal.
