What is the College Advisory Program?

*Guiding our Families and clubs through the recruitment process by providing support, services and resources to maximize their success*

*As a coach of high school age players: you have some extra responsibilities for your parents and players for to aid in the recruitment process. This packet is not designed to add a ton of extra work to your plate: I am here to help you best help our Rush Players throughout the entire recruitment process.*

Our role as a Senior Age coach is **NOT** to decide if our players want to play in college or not.

Our role is to provide our players with the opportunity to play in college.

Your players need you

We need to be a leader  
in our players lives.

Kids are afraid, full of  
anxiety and need help

## Actual Quotes from Rush Players

“The thought of leaving my family is absolutely terrifying and incites sadness whenever I think about doing so.”

“What I’m talking about, what worried me so much, was the sudden, overwhelming fear that I would reach campus and feel like I’d made the wrong decision. Like I’d feel like I made a mistake.”

“I don’t even know where to start.”

“I am not going to play because I don’t think I am good enough.”

“I am afraid of not being mentally ready and confident.”

“Big Fear would not being recruited.”

# We owe it to our kids

Can't sit back and wait for them to come to us.

Most don't know what questions to ask

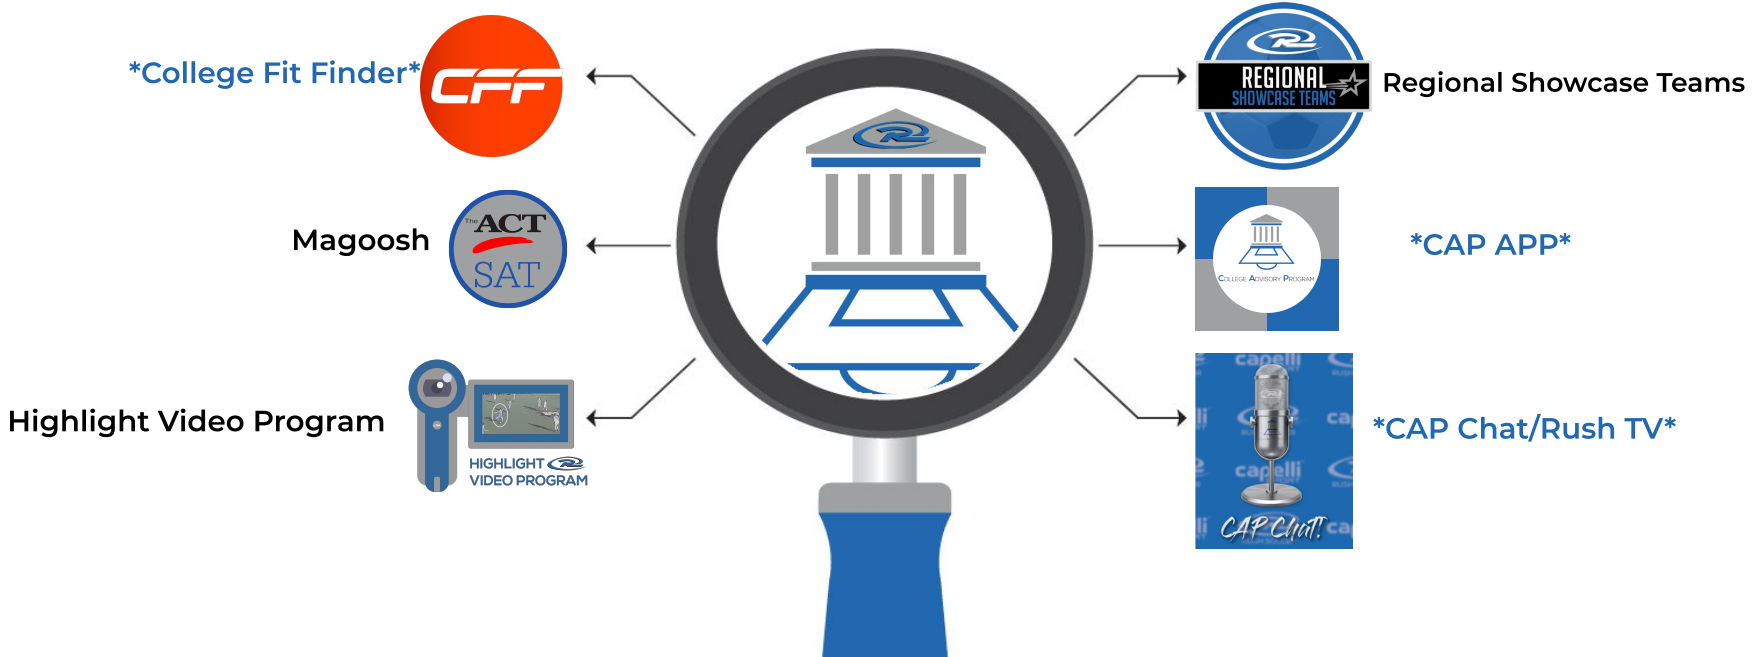

Girls don't want to fail

Boys think they know all the answers

You don't need all the answers. You need to be present so they feel comfortable asking questions.
