

2024 Laguna Beach Little League BYLAWS

(Version 4, revised December 2023)

LAGUNA BEACH LITTLE LEAGUE BY-LAWS

This set of by-laws modifies certain provisions of the 2024 [Little League Operating Manual](#) (aka “The Blue Book”) as outlined below.

I. TEAM FORMATION (Intermediate/Majors/AAA/AA)

1. The League **Player Agent** shall be responsible for preparing the list of all eligible¹ players;
2. All eligible players must attend skills check;
3. Skills check and the draft shall be attended by the following:
 - a. League **President**;
 - b. **Players Agent**;
 - c. **League Commissioner** (e.g., Fall Commissioner, AAA Commissioner, etc.)
 - d. All Board-approved managers;
4. Players **not** appearing at skills check are **not eligible** for the draft;
5. The number of new players eligible to be drafted into each division shall be limited.
 - a. This limit will be set to ensure that all returning players from that division, who have registered and completed tryouts, are reselected.

II. PLAYER DRAFT (AA, AAA, Majors, and INT): PROCESS, AGES, OPTIONS, REQUIREMENTS

¹An “eligible” player is a player that has fully participated in skills check and has indicated that he/she wants to be available to play in an upper division (defined as AA, AAA, Majors and Intermediate).

The LBLL draft procedures generally follow Alternate Plan B for Team Formation in the Little League Operating Manual. (i.e., all managers shall reverse their draft order at the end of each draft round). Little League International strongly recommends that players spend at least one year in each division of play. LBLL realizes there are instances related to age or skill level which create rare exceptions to that guideline. Therefore:

1. Each team in AA is permitted to draft up to two (2) players;
2. AAA, Majors and Intermediate teams are permitted to draft up to one (1) player that have skipped a lower division of play (SUBJECT TO THE GUIDELINES BELOW - **see Table 1**).
3. Managers may select players of eligible ages in any round (**see Table 1**).
4. Only eligible players may be drafted.
5. A player may elect to “freeze”² and play in the same division as last year, subject to the rules below, but such election is not guaranteed.
 - a. A player freeze may be granted only when there is a safety issue.
 - b. **EXAMPLE:** If a League Age 10 or 11 year old player was selected to an All Star team the previous season, that player may not be frozen in the same division as the previous season.
 - c. In special circumstances, a parent may appeal this rule in writing to the **President, Player Agent** and/or the **Commissioner** of the affected division, which shall be voted on by the Board or appropriate committee. The appeal decision shall be final.
6. **Options for Drafting Siblings/Managers Children:** when two or more siblings are eligible to draft at the same division age and ability (as determined by the **Player Agent**), the parents/guardian may request that siblings be drafted on the same team.
 - a. If such an option is invoked, and the first sibling is drafted by a manager, that manager automatically drafts the sibling(s) as their draft pick(s) in the immediately subsequent round(s).
 - b. If the manager is required to take their child in that round, the manager will automatically take their sibling in the subsequent round
 - i. Example: The AAA manager has a 10-year-old son and is required to take manager who drafts the first brother or sister automatically has an option to draft the other brother or sister on the next turn. If the manager does not exercise that option, the second sibling is then available to be drafted by any team.
 - c. If a manager does not wish to draft their child, they must submit that option in writing.
 - d. A “parent manager” is otherwise required to draft their child at or before the close of a specific draft round depending on League Age of children/siblings (**see Table 2 below**).
 - i. If a manager has twins, triplets, etc., the manager must take child #1 during a specific draft round (**see Table 2**), and the manager must automatically select his remaining children in the immediately subsequent rounds.
 - ii. **EXAMPLE:** AAA manager has 10-year-old triplets, he would draft the triplets in rounds 3, 4 and 5). Parent/manager option takes priority over any other option.

7. **TRADES:** ALL trades must be completed in accordance with the provisions of the Little League Operating Manual.
 - a. Lone exception: all trades must be concluded immediately following the draft, but before all managers, **Player Agent**, and **President** leave the draft.
 - b. All trades must be made through and approved by the **Player Agent**.
8. **PRACTICE TIME SELECTION:** for the Upper Divisions, teams will select practice times in the

inverse order of the draft without any snaking, from highest division to lowest.

- a. **EXAMPLE:** the team with the 1st pick would pick their practice time last for that division. If teams are allowed to pick another (second) practice time, that same team would again pick the last practice time.

III. TEAM FORMATION (Single A, Rookie, and Tee Ball)

1. The **Player Agent** and the **Commissioner** will form teams from a final list of all Single A, Rookie and Tee Ball eligible players.
2. Brother/sister combinations shall be placed on the same team.

4. Formation of teams will also be sensitive to grouping of players in close geographical proximities and practice field availability.

6. A league age 5-year-old with no experience must play Tee Ball.

8. A league age 4- year-old must play Tee Ball.
9. When a minimum of 80 eligible players are registered to play Tee Ball, two (2) separate Tee Ball leagues may be established.

 - b. If no waitlist exists, an eligible player shall be a Majors player that was available to be drafted in Intermediate but remains undrafted (**see Table 3**)
 - c. **EXAMPLE:** a 12-year-old player was in the Intermediate draft pool, but the player was not selected and was drafted in Majors.
2. **Minimum Play INTERMEDIATE:** if a player is expected to miss more than 7 consecutive organized baseball events, the player's circumstances will be reviewed by a special committee of the **President, Player Agent** and **Commissioner** to determine if that player is considered a loss and if a replacement will be needed.
 - a. If the special committee determines that the player is a loss, a manager must replace a player within 3 days of the loss of the player.
 - b. If the manager does not choose an eligible replacement player within 3 days, the **Player Agent** will assign an eligible replacement from Majors if available.

 - b. If no waitlist exists, an eligible player shall be a AAA player that was available to be drafted in Majors but was not drafted (Refer to Table 4, e.g. an 11 or 10 year old player was in the Majors draft pool, but the player was not selected and was drafted

- in AAA).
4. **Minimum Play MAJORS:** if a player is expected to miss more than more than 7 consecutive organized baseball events, the player's circumstances will be reviewed by a special committee of the **President**, **Player Agent** and **Commissioner** to determine if that player is considered a loss and if a replacement will be needed.
 - a. If it is determined by the special committee that the player is a loss, a manager must replace a player within 3 days of the loss of the player.
