

Join us for an exciting season of T-ball! The league kicks off with a fun and festive parade at the beginning of May, followed by the start of games around the same time. T-ball provides a great opportunity for young players to learn the basics of baseball in a supportive and fun environment.

For the season, **your child will need a glove**, as this is essential for play. While many players have their own bat and helmet, these are not required. The coach will have a few spares available for use throughout the season.

Games typically take place twice a week, with a schedule from last year that included Tuesday evenings and Saturday mornings. It's a fantastic way for kids to develop their skills, make new friends, and have a blast on the field! We can't wait to see you out there.

### Why Choose Danvers National Little League?

- Only \$125 for the season – includes a jersey and is more affordable than other Little League programs
- Two games per week – double the playtime compared to other leagues
- Free T-Ball clinic for all players
- Exclusive access to winter workouts at Extra Innings
