

2019-2020 TRAVEL PROGRAM INFORMATION

Indy Premier welcomes you to join our growing number of young athletes participating in our Travel Program for the 2019-20 soccer season. At our club we aim to develop players to the best of their ability by focusing on growth in the four pillars of the game: 1) Technical 2) Tactical 3) Physical 4) Psychological. We strive to grow each player's passion/love of the game so they have increased desire to compete, work hard and improve. We expect all our players and teams to show the very highest standards of sportsmanship and respect which are staples of the Indy Premier experience.

U8-U10 TEAM INFORMATION

Our U8/U9/U10 Travel Program is a competitive offering focused on developing a strong technical foundation combined with a passion for the game that sets the stage for each player to reach their full potential. Our 'player centered' approach encourages creative, spirited players unafraid to make mistakes who welcome increasingly greater challenges as their confidence grows. Players attend training 2-4 times per week in their age group and are trained in ability based groups in order to be appropriately challenged in the optimal training environment.

U11-U19 TEAM INFORMATION

Elite– Elite teams consist of the highest current ability players in the age group. Elite level players will compete against the highest regional level competition possible. Our U10-U12 age groups consist of 18-24 players that have been identified as capable of playing at the elite level. These players train together and are then grouped into two ability based teams - Elite I & Elite II for games and tournaments.

Copa– Second level team in age group. Our Copa teams play in appropriate ability based leagues, mostly in central Indiana.

Mundial/Samba/Predator–Third Level teams will be developmental in focus and play in appropriate ability based leagues, mostly in central Indiana.

Fall Program- For players who are not selected, or choose not to play for their high school program, we offer training and games in the fall.

At Indy Premier, in order to ensure the most positive experience for our players, teams and families, we provide the highest licensed and largest full time staff in Indiana. In addition we strive to staff each team with highly talented, experienced and licensed coaches and support those teams with oversight from our full-time directors. Our coaching staff communicates daily to players about their performances and every player is closely monitored throughout the year. We continuously evaluate and put players in the best situation for their development. Our goal is to provide the proper fit for each player in order to bring out their absolute best.

See the back of this sheet for details on our all-inclusive fees, training frequency and other info.
